

SECRET NOTE PAINTING

Supplies:

- Paper
- White Crayon or Candle
- Food Colouring
- Water
- Paint Brushes

1. Write a message or draw an image with white crayon on a white piece of paper
2. Make watercolours by adding food colouring to a small amount of water
3. Paint the paper to see the secret note appear

Tips:

This is a perfect opportunity to extend on what they're currently learning. Is your child working on the alphabet or numbers? Incorporate it within!

Write thick or go over it a couple times to make sure it shows up.

Regular watercolours from the store work great for this if you have them on hand.
